Saluting our businesses during these challenging times

By MARIA MAGNELLI
Recorder Editor

It's been quite an incredible year for all of us. We've all taken quite a hit, both personally and professionally. Things we used to do without a thought, like going to work, going to school, going to church, going out to eat, shopping, traveling, etc., all came to a crashing halt earlier this year when the world was hit with the Coronavirus pandemic. The crushing blow came quickly and was relentless.

After months of lockdown, social distancing, hand washing, sanitizing, and mask wearing, we are learning to live with the changes imposed upon us and trying to move forward and pick ourselves up.

Some of the hardest hit were our small businesses, which were forced to close their doors to the public during the lockdown. Many local businesses lost large amounts of revenue that will be hard to replace. Some of the restaurants became more creative to find ways to serve their customers. They offered more carry-out options, and delivery service. Hair salons also have suffered due to the nature of their work. Many women and men have gone months without a haircut. The pony tail has seen a comeback!

The Recorder reached out to small businesses in an effort to really re-introduce them to the community after being forced to close or cut back. We hope you will keep this booklet on hand and visit your local businesses, showing them your support and thanking them for sticking it out. Here are some ways we can help our local small businesses while they are making their way back to a normal schedule.

- Pick one or two nights each week and order take-out for dinner. It's a win/win, you don't have to cook and you are helping a local eatery.
- When ordering, leave a little extra tip. They will appreciate your goodwill gesture.
- Buy gift cards now that you can use later. It will help a business's cash flow and you can use it anytime in the future. Order gift cards and use them as birthday, anniversary, get well gifts, instead of shopping online.
- Give a boost to local businesses you like on social media by leaving a glowing review. Describe a good experience you had which will cause others to engage.
- Shop at local farm markets by purchasing your fruits and vegetables. Bonus! You'll be buying really fresh produce.
- Donate your services to these struggling business owners. If you are a professional and

can offer advice or help in the areas legal, accounting, banking or insurance, it would be greatly appreciated.

As we make our way to the new "normal," keep our local businesses in our thoughts. Most have and continue to support our community. They have always been ready, willing and able to donate to the service organizations for their fund-raising projects; they've supported many school events, such as band boosters, athletic boosters, after prom, to name a few. Local business is vital to the health of a community. They provide jobs to area residents, and their unique offerings and services are what make a small town special.

Even during this pandemic and slowed activity, some restaurants still focused on feeding the poor, or providing meals to healthcare providers and first responders.

It's our turn now to focus on doing what we can to help our local small businesses, some of whom are our friends and our neighbors. Give them a boost, thank them for all they do and salute them. As these tough times improve, it will feel good knowing we got through it together and made it out okay.

At Paramount Health & Vitality we assist and support your mind and body in order to cultivate optimal health and vitality so you can live a "Life in Balance."

- Are you looking to improve and maintain your health in a natural way?
- Are you sick and tired of being "sick and tired"?
- Are you fed up with where you are at with your health?
- Do you feel like your health concerns are not being addressed?
- Does your doctor say that there is nothing more he or she can do for you?

You've found the right place!

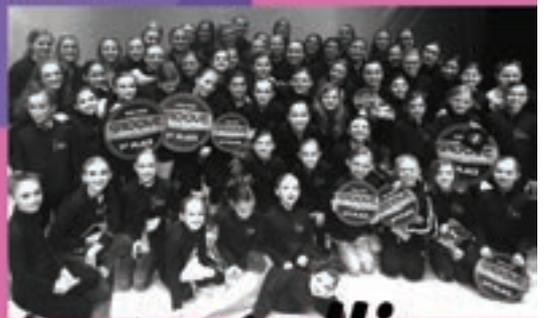

As a naturopathic doctor, I assist individuals in healing - mentally, emotionally and physically - to support and stimulate their body toward optimal health! My goal is to help you remove the causes of illness and disease, instead of just covering up symptoms with medications (or even natural products), so that you can live your life to the fullest. I do this through the use of gentle, effective therapies including: botanical medicine, hydrotherapy, homeopathy, nutritional supplements, and lifestyle counseling, just to name a few. If this is what you are looking for...give me a call to discuss if naturopathy is right for you. I'd love to hear from you!

Rest assured we have plans & back-up plans in place! We want to make it **EASY** to return to dance, not give you more to be concerned about!

- separate entrance points for limited contact
- 5,500 square feet of dance space allowing for social distancing
- large arcade area perfect place for parents wait for to pick up/drop off
- commercial grade air purifier
- sanitizer stations at entrance /exit
- extreme cleaning efforts

Cleat's Club Seat Grille

Cleats was established in 1996 by Owner/Operator, Tim Higdon. This family-oriented sports restaurant is now celebrating 24 years in North Royalton. Besides offering an extensive menu, Cleats is known as the "Home of the World's Best Wings."

The Cuyahoga County Board of Health has certified Cleats as 100% COVID compliant with barriers between all tables, booths, and bar stools. Additionally, we've added capacity on their patio for outdoor dining.

"Our entire menu is available for dine-in or carry-out, and curbside, no-contact delivery to your car is also available. We open at noon every day except Monday when we open at 4 p.m. A message of thanks to the community for sticking by us during these challenging times. Special activity programs are offered such as the Ageless Grace, a program that blends cognitive stimulation and physical exercise. Ageless Grace is conducted by our program certified Activity Director. The program is a series of 21 Simple Tools for Lifelong Comfort and Ease. With a responsive staff to resident ratio, the community offers a combination of individual attention, personal care and professional expertise that is unsurpassed in senior care.
